

The Corner Store Wish List

The Corner Store is a safety net program that provides beneficial tangible support for Corner patients. Patients earn points each time they visit the Corner Health Center. They may redeem their points for merchandise in the Corner Store. Located in the basement of the clinic building, the Store is stocked with a variety of personal care items, household goods, and infant care products.

The Corner Store offers patients an opportunity to provide for themselves and their families with pride and dignity. Donations of new items for the Corner Store may be dropped off at the Corner Health Center, 47 N. Huron St. in Ypsilanti, Monday through Friday between 9:00 a.m. and 5:00 p.m.
