

Safe Baby Classes

First Tuesday of Each Month 1-3pm
Corner Health Center, 47 N. Huron St., Ypsilanti

Learn how to create a safe sleeping environment for your baby. Approximately 3,500 infants die from unsafe sleeping every year in the U.S.

The best way keep your baby safe in the car is to properly install and use a car seat that fits your baby. Join us for more information about car seat safety.

For those who need assistance, a car seat and/or portable crib will be provided.

Call Kate Share at 734-714-2314 to reserve your spot!
