

## 2017-2018 Donor Honor Roll

Thank you to our donors for your generous support! You helped the Corner serve 4,648 teens and young adults, and their children, with health care, behavioral health care, health education and programs in 2017-2018. More than \$1.3 million was raised through individual donations and private grants, joined with \$350,000 worth of in-kind services and donations.

The cost of providing integrated care to our youth is more than we receive through insurance reimbursement. Your gift assures we never have to turn anyone away because of insurance or ability to pay.

Your gift puts young people on a path to a lifetime of good health. Thank you.
