Annual  
Report

## The Signs, They Are A-Changin’

The Corner’s façade is sporting a new look these days. Our signage has been updated to increase visibility – and convey the energetic and youthful vibe inside. The Corner’s buildings may be historic, but our programs and services are totally NOW!

Here for  
**YOU**th!

## 2013 In Review

**We're here for youth and want everyone to know!** All young people need and deserve excellent health care and support to do well in school and in life. With your help, the Corner Health Center makes sure they get it...**because healthy youth are key to a healthy community!**

Last year we stepped up our efforts to make the Corner more visible and recognizable. We want to be sure that young people and their families know what we do and where to find us! Our new signage is part of that effort.

With your help, we also completed the move to electronic health records, which offer our patients a better overall health care experience. Electronic records give patients easy and secure online access to view lab results and reminders, schedule appointments and ask questions. This means patients and their families can more fully participate in decisions about their health care.

For our clinicians, electronic records provide quick access to accurate and complete information about a patient's health, and allows for more efficient coordination of care with other providers.

**Health care is a team effort. When providers, patients and their families can communicate with each other effectively and efficiently, everyone benefits!**

Adolescence is a difficult journey. For many young men and women, having a doctor or social worker with whom they can talk makes a critical difference in their ability to cope with changes and challenges. The Corner's integrated physical and mental health care and support programs help young people and their families navigate a successful path to adulthood.

**You are part of our team!** Because of you, youth in our community find superb health care and positive development opportunities at the Corner Health Center.

**With your help, YOUth win!**

**Ellen J. Clement, MSW, MPH**  
**Executive Director**

P.S. Our 2013 Honor Roll of Donors is online at [www.cornerhealth.org](http://www.cornerhealth.org). Your generosity makes our work possible!
